as the voice of my adversary, "I have something to say,"
I whisked myself round in a moment, and saw that Mr. Huffell had thrown his weapon down on the ground, and had left the position which had been assigned to him.
"What have you to say, sir?" asked the inexorable Dewsnap, in a severe tone, "whatever it is, you have chosen a most extraordinary moment to say it in."

I have changes my mind, said Mr. Huffell, in a isefur mose tone; "I think that dueling is sinful, insa I comsant, is apologies."

Astounded as I was at the amfoliacelasmi, I had yet leisure to observe that the apolice ary did not look in the least surprised as what had happened.

"You consent to apologies?" asked Dewrang, "to resign all claim to the lady, to express your deep contrition for the insolent expressions you have made use of toward my friend?" indies to they retired along the path we it is now, if I from to hallors the verticate of my over bahale.

"Gave me quite a turn, Mijor," said my
exteemed friend, fanning herself with a plate.
"Thought he was light-headed."
"In those remarkable times, Gran and Godfather, there was once a boy;—not me, you Why not, you dear old Gran? Because I to school in Lincoinshire, don't I?"
"Ah! to be sure!" says my respected lead. "And it's not Jemmy, you under-sad. Major?"

on his mind than those connected with the discomitator of crowned heads. His own itsile world was in peril. The partnership, mysel by a turn of the wheel of fortime in the political shiftings of the times, was tottering to its full; and it smallly, after long, analous efforts, fell, plunging the hrothers into the sore distress, to these honorable men, of bankruptcy. Washington had tween no active part in the business, and was not responsible for the disaster, but he fell bitterly for the family—more than for himself. From the unprofitable counting-room at Birmingham, he turned to London with vague notions of engagering binnelf by his pen, out of that season of stributation, happing not findered fully, his network with the book and the friendally of Willer Scott and the world. The bookeders, were the predominance of this notice has more or less assisted by his planting, with flavoring gles, was present such as the course in the world. The story of that wonderous literary success is well known. If is a bright page in the history of American guiss, as it bears the nucleo ristory the course and salous of Europe, while his gent's looks are delighting cottages and palaces alike.
